Employment Opportunities for Disabled Americans Act - Makes permanent the provisions of title XVI (Supplemental Security Income) (SSI) of the Social Security Act which provide special benefits or Medicaid (title XIX of the Act) coverage to individuals who perform substantial gainful activity despite a severe medical impairment.

Removes SSI limitations for the first two months of an individual's stay in a health facility if such individual: (1) was eligible for the benefits made permanent by this Act during the month preceding admission to the facility; and (2) is permitted by the facility to retain such benefits. Requires State Medicaid plans to disregard such benefits in determining the recipient's required contribution to the cost of care.

Sets forth provisions regarding the timing of medical determinations as to an individual's eligibility for SSI benefits or the benefits made permanent by this Act, including the provision that individuals whose income renders them ineligible for such benefits for less than one year may be reinstated without undergoing a disability determination. Specifies the factors which must be taken into account in determining whether a disabled individual's earnings provide a "reasonable equivalent" of SSI and Medicaid benefits and thereby disqualify the individual from Medicaid coverage under the SSI program.

Directs the Secretary of Health and Human Services, when any individual receives SSI benefits on the basis of a disability, to notify such individual of his or her potential eligibility for the benefits available to those performing substantial gainful activity despite a severe medical impairment.

Provides that when an individual becomes ineligible for SSI benefits upon entitlement to or an increase in child's insurance benefits under title II (Old Age, Survivors and Disability Insurance) of the Act, such individual shall be treated for Medicaid purposes as continuing to receive SSI benefits so long as he or she would otherwise be eligible for such benefits.

Prohibits States which use more restrictive Medicaid eligibility criteria than those used by the SSI program from terminating the coverage of individuals who would be eligible under the State plan but for their eligibility for the special benefits made permanent by this Act.

Provides for the payment of SSI benefits due deceased recipients to the surviving spouse or, if the deceased was a child, to the parents.

Grants Sealaska the subsurface estate of the Haida Traditional Use Sites, Alaska, in exchange for an equal acreage of subsurface estate in the Haida Exchange Lands. Grants Sealaska two years in which to accept the U.S. offer.

Requires Haida Corporation to accept its exchange offer before an acceptance by Sealaska would be considered effective.

Includes Goat Island and South Pass Islands in the Tongass National Forest, Alaska, should such lands be exchanged. Requires that such lands be managed primarily for conservation purposes.

Treats lands conveyed to Haida Corporation or Sealaska pursuant to this Act as lands conveyed pursuant to the Alaska Native Claims Settlement Act. Withdraws from all forms of entry for 18 months the U.S. lands offered for conveyance.

States that payments to the Haida Corporation under this Act shall be defrayed from the Land and Water Conservation Fund.

Directs the Secretary of the Interior to withdraw from all forms of entry Federal lands in Alaska outside any conservation system unit for selection by Haida Corporation. Entitles Haida Corporation to select from such lands in accordance with its selection rights for up to one year. Conveys the surface estate in selected lands to Haida Corporation and the subsurface estate in such lands to Sealaska. Terminates all such withdrawals two years after the last withdrawal is made.

Authorizes appropriations for preliminary work related to the establishment of an Information and Education Center about the resources of Alaska. Requires the Secretary of Agriculture to report to the Congress within one year on a development plan for such Center.

Amends the Federal criminal code to establish criteria for the imposition of the death penalty for Federal crimes.

Requires the Government, for any offense punishable by death, to serve notice upon the defendant a reasonable time before trial or acceptance of a plea, that it intends to seek the death penalty and the aggravating factors upon which it will rely.

Requires a separate sentencing hearing before a jury, or the court upon motion by the defendant, when the defendant is found guilty or pleads guilty to an offense punishable by death.

Allows the defendant and the Government to present any information relevant to sentencing, without regard to the rules of evidence, but permits information to be excluded where its probative value is substantially outweighed by the danger of unfair prejudice, confusion of the issues, or misleading of the jury.

Specifies mitigating factors which the defendant must establish by a preponderance of the information and aggravating factors which the Government must prove beyond a reasonable doubt.

Includes as threshold, aggravating factors for homicide that the defendant: (1) intentionally killed the victim; (2) intentionally inflicted serious bodily injury which resulted in death of the victim; (3) intentionally participated in an act, contemplating that the life of a person would be taken and the victim died as a direct result of the act; or (4) attempted to kill the President of the United States.

Limits the circumstances under which the offense of delivering defense information to aid foreign governments is punishable by death. Establishes procedures for appeal from a death sentence. Requires the Court of Appeals, upon considering the record and the information and procedures of the sentencing hearing, to affirm the decision if: (1) the sentence was not imposed under influence of passion, prejudice, or arbitrariness; and (2) the information supports the finding of aggravating factors. Requires the court to provide a written explanation of its determination.

Sets forth the requirements for a "suitable" replacement dwelling, which shall be used in such Act in place of a "comparable" replacement dwelling.

Defines a "displacing agency" as any Federal agency, State, or State agency utilizing Federal assistance which causes a person to be displaced.

Title II: Uniform Relocation Assistance - Requires the payment to displaced persons of actual expenses, not exceeding $10,000, necessary to reestablish a displaced small business or nonprofit organization at its new site.

Removes the limitation on the moving expense allowance and the fixed amount of the dislocation allowance that a person displaced from a dwelling may elect to receive in lieu of itemized expenses. Declares that such allowances shall be determined according to a schedule established by a lead agency designated by the President.

Increases the maximum and decreases the minimum limitations on the payment a person displaced from a business or farm operation may elect to receive in lieu of itemized deductions. Declares that such amount shall be determined according to criteria established by the lead agency. (Currently, such amount is based on the annual earnings of the farm or business.) Excludes from entitlement to such payment a displaced person whose sole business was the rental of the displacement property.

Entitles a utility (including any transportation or communications system) that is displaced from property owned or controlled by a State or local agency as a result of a federally-assisted program, to a payment (not exceeding its actual reasonable relocation costs) as provided by State or local law or by a contract, if any, between the utility and the agency. Entitles a utility that is displaced from property owned or controlled by a State or local agency as a result of the acquisition of such property by a Federal agency, to relocation or payment of its actual reasonable relocation costs by the Federal agency, except as provided otherwise by a Federal law, a Federal regulation promulgated before March 17, 1983, or a contract between the utility and the Federal agency.

Authorizes the head of an agency responsible for a program resulting in the displacement of a utility or cable television facilities from public property to provide a payment to such utility or cable operation not to exceed moving expenses.

Increases the maximum amount of assistance that a displacing agency may provide to a displaced homeowner for replacement housing. Requires such assistance to include an amount necessary to: (1) meet the reasonable cost of a suitable replacement dwelling as defined in this Act; and (2) compensate the displaced person for any increased financing costs.

Authorizes a displacing agency to extend the one-year period, following payment for an acquired home, during which the displaced person must purchase and occupy a replacement dwelling in order to qualify for housing replacement payments, but limits such payments to the costs of relocating such person within that one-year period.

Revises the method of determining the amount of rental housing replacement assistance to be provided to displaced tenants. Eliminates the $4,000 rental assistance limitation and establishes the amount of such assistance for a person whose income exceeds 50 percent of the median area income at the lesser of: (1) $4,500; or (2) 36 times the difference between the monthly cost of a suitable replacement dwelling and the monthly cost of the displacement dwelling. Permits eligible displaced tenants to elect to: (1) receive Federal, State, or local low-income housing assistance in lieu of such rental housing replacement assistance; or (2) apply such rental assistance toward the downpayment on a decent, safe, and sanitary replacement dwelling. Declares that displaced homeowners who meet the residency requirement for rental housing replacement assistance but not for homeowner's housing replacement assistance may qualify for rental assistance, at the discretion of the lead agency.

Provides for the designation of a single, cognizant Federal agency to establish procedures to be used by a non-Federal displacing agency to implement related activities funded by two or more Federal agencies.

Authorizes a displacing agency to provide replacement housing for persons eligible for low-income housing assistance through public housing programs.

Permits a Federal agency to discharge its responsibilities by accepting the certification by a State agency that it will implement State law to carry out the Federal relocation assistance program, provided that the lead agency determines that such State law will accomplish the purpose and effect of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970. Directs the head of the lead agency to monitor and report biennially to Congress on State agency implementation of such certification. Permits an agency to withdraw acceptance of a certification after providing the State government with notice and an opportunity to demonstrate why such action is inappropriate. Permits a Federal agency to withhold approval of any grant, contract, or cooperative agreement with any displacing agency found to have intentionally circumvented such State law.

Provides that any payment a displaced person receives under State law shall replace a housing replacement or real property acquisition payment for substantially the same purpose under the Uniform Relocation Assistance and Real Property Acquisition Policies Act.

Requires the President to designate a lead agency which shall: (1) promulgate rules to carry out such Act; (2) coordinate relocation assistance activities with Federal and federally-financed low-income housing programs; (3) monitor the implementation of such Act; and (4) report any major problems under such Act to Congress.

Permits a Federal agency to discharge its acquisition responsibilities under such Act by accepting a certification by a State agency, which must be verified by the lead agency, that it will implement State law in a manner that will accomplish the acquisition policies and objectives of such Act. Directs the lead agency to monitor State agency implementation of such certification.

Conrail Sale Amendments Act of 1985 - Declares it is the purpose of the Congress to return the Consolidated Rail Corporation (Conrail) to the private sector by implementing the Plan of the Secretary of Transportation (the Secretary) to sell the Federal interest in Conrail common stock.

Title I: Amendments to the Regional Rail Reorganization Act of 1973 and the Northeast Rail Service Act of 1981 - Amends the Regional Rail Reorganization Act of 1973 to terminate the authority of the United States Railway Association (the Association) to purchase Conrail securities when the sale of the Federal interest in Conrail common stock has been consummated. Makes such Act inapplicable to Conrail after the sale of the Federal interest in Conrail common stock has been consummated. Makes specified provisions of such Act still applicable to Conrail under certain conditions.

Directs the Secretary to implement the Plan to sell Conrail common stock to the Norfolk Southern Corporation. States that such implementation, and the coordinated operation of Conrail's properties with those of Norfolk Southern Corporation and its affiliates as a single rail system, are deemed approved by the Interstate Commerce Commission.

Directs the Secretary to implement the Secretary's Plan by performing specified Definitive Agreements which shall conform substantially with the Memorandum of Intent between the United States and Norfolk Southern Corporation signed February 8, 1985 (the Memorandum).

Directs the Secretary to transmit to certain congressional committees: (1) notification of any alteration from such Memorandum 45 calendar days before the date on which the Secretary anticipates that the Federal interest in Conrail common stock will be sold to the Norfolk Southern Corporation; and (2) notification of any intent to waive compliance with any substantive covenant, agreement, or obligation contained in the Definitive Agreements. Prohibits the Secretary from: (1) waiving such compliance until 45 calendar days have expired after the date of such transmittal, and (2) transferring the Federal interest in Conrail common stock except concurrently with a divestiture by Norfolk Southern Corporation of rail assets and rights approved by the Attorney General.

Repeals provisions which allow the sale of Conrail common stock to other railroads or to certain railroad employees.

Authorizes the Secretary to recapitalize Conrail in such a way that the Federal interest in any debt or preferred stock is cancelled and contributed to the Corporation's capital.

Sets forth guidelines under which the Norfolk Southern Corporation may bring suit against the United States for breach of specified representations.

Provides protective labor conditions under specified arbitration provisions to certain personnel whose employment is adversely affected by the sale of the Federal interest in Conrail common stock.

Grants preferential hiring rights for any vacancy on any Norfolk Southern Corporation rail subsidiary to: (1) any qualified railroad employee who is deprived of employment by the implementation of the Secretary's Plan; and (2) any employee of Norfolk and Western Railway Company, Southern Railway Company, or Conrail who is deprived of employment by the implementation of the Secretary's Plan, and who is qualified at the entry level without regard to craft or class or specified employee protection laws. Retains the seniority rights of such employees to return to their original craft or class whenever a vacancy occurs.

Amends the Northeast Rail Service Act of 1981 to confer jurisdiction upon a special Federal district court (established by the judicial panel on multi-district litigation) to hear civil actions relating to: (1) the Conrail Sale Amendments Act of 1985; (2) enforcement of the Secretary's Plan or the Definitive Agreements (pertaining to the Conrail sale); (3) the value of the interest in Conrail Equity Corporation preferred stock of the Conrail Employees Stock Ownership Plan (ESOP) and related trusts; and (4) certain aggrieved parties who filed a complaint with the Secretary. Authorizes any party who suffers direct economic injury as a result of an alleged violation of a covenant contained in the Definitive Agreements to file a complaint with the Secretary seeking enforcement of such covenant.

Directs the Secretary to investigate such complaint under certain procedural guidelines.

Provides that, with certain exceptions, no persons connected with the Conrail ESOP shall be subject to any fiduciary obligation or fiduciary civil liability for actions pertaining to the Secretary's Plan or disposition of Conrail Equity Corporation assets.

Deems as qualified under the Internal Revenue Code any Conrail ESOP maintained or adopted in implementing the Secretary's Plan.

Title II: Technical and Conforming Amendments - Makes technical and conforming amendments to various laws affected by this Act.

Title III: Miscellaneous Provisions - States that Conrail's status as a common carrier is not affected by the sale of the Federal interest in Conrail common stock.

Requires the Definitive Agreements to contain a binding commitment by the Norfolk Southern Corporation to continue to operate Conrail in full compliance with the recycled materials provisions of Federal law.

Amends Federal law to provide procedural guidelines under which the Interstate Commerce Commission is directed to process complaints from Midwest Regional Rail Carriers regarding the diversion of certain railroad freight revenues to Norfolk Southern/Conrail due to alleged anticompetitive practices resulting in the loss of essential rail services.

Requires the Secretary to submit to certain congressional committees an annual report setting forth certificates of compliance by the Norfolk Southern Corporation and Conrail with the covenants contained in the Definitive Agreements.

Price-Anderson Act Amendments Act of 1985 - Amends the Atomic Energy Act of 1954 to extend (from December 31, 1976, to 12 months after the date of enactment of this Act) the deadline by which the Nuclear Regulatory Commission (NRC) must prescribe the terms for licensees required to maintain financial protection to cover public liability claims.

Increases from $5,000,000 to $60,000,000 the maximum standard deferred premium which may be charged following such an incident for each facility required to maintain the maximum amount of financial protection.

Directs the Commission to request the Congress to appropriate sufficient funds for the Commission to issue obligations to the Secretary of the Treasury for the purpose of compensating public liability claims if the aggregate annual deferral premiums assessed for a nuclear incident are insufficient to indemnify such claims in a timely manner.

Provides that aggregate payments in any single year regarding liability for a nuclear incident covered by an industry retrospective rating plan may not be required to exceed the amount of financial protection provided in that year under the Atomic Energy Act of 1954. States that the exclusive source of payments for public liability claims shall be the funds provided by financial protection under such Act, and the funds provided as a result of the obligations issued by the Commission. States that the total of such obligations shall not exceed amounts provided in appropriation Acts. Sets forth guidelines for the issuance and redemption of such obligations.

Authorizes the Secretary of Energy (the Secretary) to enter into indemnification agreements with contractors (until August 1, 2007) for the construction or operation of production or utilization facilities for the benefit of the United States involving activities under the risk of public liability for a substantial nuclear incident (currently, the NRC has this authorization). Includes in such authorization any contracts involving the storage or disposal of spent nuclear fuel, high-level radioactive waste, or transuranic waste, including the transportation of such materials to a storage or disposal site or facility, and the construction and operation of such site.

Directs the Secretary to make available from the nuclear waste fund the amounts necessary to compensate public liability claims related to the transportation, storage or disposal of specified nuclear waste. Requires the Secretary: (1) to determine the extent to which a nuclear incident related to such waste involves materials produced as a result of electricity generated in a civilian nuclear power reactor (or materials resulting from other activities or both); and (2) to decide the appropriate source of funds to be used in compensating public liability claims based upon that determination. Requires the Secretary to promulgate the regulations for making such determination within 90 days of enactment of this Act.

Authorizes the Secretary to require as part of an indemnification agreement that a contractor maintain financial protection to cover any public liability relating to the contractual activity. Sets indemnification guidelines for persons indemnified against public liability claims. Sets $100,000,000 as the maximum indemnification amount for nuclear incidents occurring outside the United States.

Precludes a contractor with whom an indemnification agreement has been executed, and who is engaged in activities relating to underground detonation of a nuclear explosive device, from using any immunity or defense founded in the Federal, State or municipal character of the contractor or of the work performed. (This holds the contractor liable for damages resulting from such detonation to the same extent as a private person).

Sets aggregate liability guidelines for nuclear incidents which involve: (1) licensees required to maintain the maximum amount of liability insurance; and (2) contractors with whom the Secretary has entered into indemnification agreements.

Requires the Secretary or the NRC to report to the Congress the causes and extent of damage from any nuclear incident which will probably require payments by the United States.

States that, upon a court determination that public liability from a single nuclear incident may exceed a certain aggregate liability, the President must report to the Congress regarding: (1) the causes and extent of damage: (2) the estimated compensation requirements; and (3) compensation plans. Requires congressional approval of compensation plans by passage of an approval resolution within 60 days after submission.

Authorizes the NRC to incorporate provisions in indemnity agreements which waive certain defenses by contractors and licensees based upon fault, conduct, governmental or charitable immunity. Extends such waiver to extraordinary nuclear occurrences which result from: (1) transportation of nuclear or source material; or (2) activities undertaken by the Secretary, including the storage or disposal of nuclear waste (thus imposing a strict liability standard for any extraordinary nuclear occurrence).

Extends from August 1, 1987, to August 1, 2007, the authority of the NRC to enter into indemnification agreements with contractors.

Extends from August 1, 1983, to August 1, 2003, the deadline by which the NRC must submit to the Congress detailed reports concerning indemnification and liability procedures under the Act.

Sets forth provisions relating to liability to participants and beneficiaries upon a distress termination or termination by the Corporation. Makes any contributing sponsors or members of their controlled groups liable to participants and beneficiaries of the terminated plan for that portion of their final benefit obligations (if any), which are not otherwise paid by the Corporation, for any year following the date of termination in which such contribution sponsor or controlled group member earns a pretax profit. Authorizes the Nuclear Regulatory Commission to assess and collect annual charges from its licensees on a fiscal year basis for costs incurred by the Commission with respect to such licensees in an amount limited to 38 percent of the funds appropriated to the Commission for each of FYs 1987 through 1989.

Directs the Secretary of Commerce to sell defaulted notes held in the Economic Development Administration's Revolving Fund in such amounts as to realize minimum net proceeds of $50,000,000 from such sales during FY 1987. Authorizes the Secretary to sell such notes on a nonrecourse basis.

Authorizes appropriations for Federal-aid highways and highway safety construction programs for FY 1987 through 1989. Sets forth obligation limitations, with specified exceptions, for such fiscal years.

Requires the Secretary to: (1) provide all States with sufficient authority to prevent lapses of sums authorized to be appropriated for Federal-aid highways and highway safety construction which have been apportioned or allocated to a State; (2) revise the distribution of authorized funds to those States able to obligate amounts (giving priority to those States having either large unobligated balances, or which have experienced substantial reductions in their apportionments and allocations); and (3) refrain from distributing amounts authorized for administrative expenses, Federal land highways, and the Strategic Highway Research Program.

Title VI: Committee on Finance: Outlay Provisions - Subtitle A: Provisions Relating to the Medicare Program - Part I: Provisions Relating to Part A of Medicare - Amends title XVIII (Medicare) of the Social Security Act to raise the payment rates for inpatient hospital services by one and three-tenths percent for cost reporting periods in FY 1987. Requires that total outlier payments to sole community hospitals with an average occupancy of 50 beds or less and to small rural hospitals be no less than five percent nor more than six percent of the total payments expected to be made to such hospitals on the basis of prospective payment rates for discharges in that year. Alters the formula used to calculate the average standardized amounts for urban and rural hospitals under the prospective payment system (PPS) so that such amounts are based on the number of patients discharged rather than the number of hospitals. Provides that hospitals designated as rural referral centers as of the enactment of this Act shall retain that designation from FY 1987 until the close of FY 1989.

Reduces payments for hospital capital costs of inpatient services by three percent in FY 1987, five percent in FY 1988, and six percent in FY 1989. Exempts sole community hospitals from such reductions.

Sets the inpatient hospital deductible at $520 in 1987. Ties future increases in the deductible to the annual increase in the average cost of a Medicare hospital discharge instead of the cost of an average day of hospital care.

Requires a hospital to give Medicare beneficiaries, upon their admission to the hospital, a written statement explaining: (1) the individual's rights to benefits for inpatient hospital and post-hospital Medicare services; (2) the circumstances under which such individual will be liable for charges for a continued hospital stay; (3) the individual's right to appeal denials of continued hospital services; and (4) the individual's liability for payment for services if such a denial of benefits is upheld on appeal.

Directs the Secretary of Health and Human Services to conduct a demonstration project to determine whether the use of prior and concurrent authorization for skilled nursing facility and home health services, instead of current waiver of liability provisions, will protect beneficiaries from claim denial liabilities and delayed services. Requires the Secretary to report to the Congress on the results of the project by April 2, 1988.

Part 2: Provisions Relating to Parts A and B of Medicare - Prohibits workers' compensation law, insurance policies, or large group health plans (covering at least 20 employees) from taking an individual's status as a Medicare beneficiary into account in providing coverage. Prohibits group health plans from taking into account an individual's end stage renal disease benefits under Medicare. Makes Medicare the secondary payor for all Medicare beneficiaries covered by workers' compensation, insurance policies, and group health plans. Authorizes the Government to bring an action and collect double damages from primary payors. Amends the Internal Revenue Code to impose an excise tax equal to 25 percent of group health plan expenses if such a plan restricts its coverage of Medicare beneficiaries in violation of this Act. Amends title XIX (Medicaid) of the Act to reduce payments to a State contributing to group plans which provide such restrictive coverage. Specifies the benefits Medicare pays when other payors are primary but do not pay the full charge.

Requires Medicare intermediaries and carriers to process and pay at least 95 percent of all clean Medicare claims within 27 days of receiving such claims in FY 1987. (Such time limit is to be reduced by one day for each succeeding fiscal year until it stands at 24 days beginning in FY 1990.) Assesses interest on late claim payments. Eliminates periodic interim payments for PPS hospitals when prompt payments have been achieved for three consecutive months. Authorizes the reinstatement of interim payments when prompt payment is absent for three consecutive months.

Sets limits on Medicare payments for home health services, but requires that such limits be applied on an aggregate rather than a discipline-specific basis for home health agencies.

Requires providers of home health services to be paid if they did not and could not have been expected to know that payment would be denied on the basis that the individual was not homebound or did not require skilled nursing care on an intermittent basis. Requires the Secretary to publish final regulations specifying the criteria used in determing whether an individual is homebound or in need of such intermittent care. Permits beneficiary appeals of the Secretary's denials of claims for home health service benefits.

Prohibits providers who represent beneficiaries in unsuccessful appeals of claim denials from charging beneficiaries for representation costs or treating such costs as reasonable costs covered by Medicare.

Requires the Secretary to establish a program providing for research regarding outcomes of selected medical treatments and surgical procedures so as to assess their quality and effectiveness. Places a priority on the selection of procedures and treatments with significant costs, risks, hospitalization periods, and utilization patterns.

Authorizes appropriations from the Federal Hospital Insurance Trust Fund and the Federal Supplementary Medical Insurance Trust Fund for FY 1987 through 1989 to carry out such research. Requires that at least 90 percent of the funds available in any fiscal year be used to fund grants to, and cooperative agreements with, non-Federal research entities.

Directs that the program be administered by the National Center for Health Services Research and Health Care Technology (Center). Requires the Center to report to the Congress, within 18 months of enactment of this Act and annually thereafter, on the findings of the project.

Part 3: Provisions Relating to Part B of Medicare - Amends part B of the Medicare Program to set forth factors which must be considered by carriers in determining reasonable charges for physicians' services. Authorizes the Secretary, when faced with a charge the Secretary believes is not inherently reasonable, to propose a reasonable charge or methodology for arriving at such a charge and, after giving the public and the Physician Payment Review Commission an opportunity to comment on such proposal, make a final determination regarding the charge or methodology. Requires the Secretary to review, by October 1, 1987, the inherent reasonableness of the reasonable charges for each of the ten most costly procedures paid for under Part B of the Medicare program.

Directs the Secretary to simplify the HCFA (Health Care Financing Administration) Common Procedure Coding System by July 1, 1987, to minimize the possibility that such system overstates the intensity or volume of service provided. Requires hospitals to adopt such system to code the part B services they perform.

Requires the Secretary, in making recommendations regarding the relative value scale for physicians' services, to establish an index which considers justifiable geographic differences in the cost of practice without exacerbating the geographic maldistribution of physicians.

Provides for the implementation of certain adjustments in the Medicare economic index for physicians' services.

Requires the Secretary to: (1) implement changes in monthly capitation payments and the method of computing such payments for physicians' outpatient maintenance dialysis service; and (2) reduce the prospective payment rates for dialysis facilities and providers. Directs the Comptroller General to study the appropriateness of such payment rates and report to the Congress by September 30, 1987.

Provides that the payment to hospitals for outpatient hospital services furnished in connection with surgery approved for performance in an ambulatory surgical center (ASC) shall equal the lesser of: (1) the reasonable costs for surgery minus 20 percent of the actual charge; or (2) the prospective rate for ASCs minus 20 percent of that rate. Requires the Secretary to annually review and revise ASC prospective rates as well as the surgical procedures approved for ASC performance and reimbursement. Requires peer review organizations to review the necessity and quality of ambulatory surgical procedures. Imposes the standard part B coinsurance and deductible for ambulatory surgery services. Directs the Secretary to: (1) develop packages of pre- and post-operative services for each surgical procedure performed in a hospital outpatient department; (2) develop a PPS methodology for all outpatient procedures; and (3) report to the Congress on these developments by 1991. Requires the Secretary to report to the Congress within two years of enactment of this Act regarding educational activities in hospital outpatient settings and the reimbursement of graduate medical education in such settings.

Provides Medicare coverage for outpatient occupational therapy services in the same manner in which outpatient physical therapy services are covered.

Part 4: Peer Review Organizations - Amends part B (Peer Review) of title XI of the Act to require peer review organizations receiving a hospital inpatient's request for review of a hospital's decision that the patient no longer needs inpatient care to inform the patient of its decision within two days of receiving the request. Prohibits hospitals from charging patients for inpatient hospital services provided while patients wait for a peer review organization to respond to their timely review requests.

Requires fiscal intermediaries to submit data to peer review organizations on a monthly basis. Requires peer review organizations to review selected cases where individuals are readmitted to a hospital within 30 days of their most recent hospital discharge to determine if the previous inpatient hospital services and post-hospital services met professionally recognized health care standards.

Directs each peer review organization to commit a reasonable proportion of its activities to review of the quality of services provided in cases and settings where potential quality problems have been identified. Requires the Secretary to identify methods facilitating the discovery of such cases.

Requires peer review organizations to share data with organizations responsible for accrediting providers or State licensing authorities responsible for assuring quality care if such data reflects a substantial failure by providers or practitioners to provide quality care.

Subtitle B: Provisions Relating to the Medicaid Program - Amends title XIX (Medicaid) of the Act to give States the option of extending coverage to women in need of pregnancy-related medical services and children up to age five whose family income exceeds current income eligibility thresholds, but does not exceed a State maximum income level to be established at or below the Federal poverty level. Leaves, to each State's discretion, the decision as to whether a resource standard shall be applied in determining the eligibility of such women and children. Prohibits States which provide coverage pursuant to this Act from reducing Aid to Families with Dependent Children (AFDC) payment levels after enactment of this Act.

Gives States the option of extending Medicaid coverage to elderly and disabled individuals whose income is too high for them to qualify for Medicaid under current income tests, but does not exceed a State maximum income level to be established at or below the Federal poverty level. Requires States providing coverage under this Act to provide Medicaid coverage to pregnant women and infants whose income does not exceed a State maximum income level which, while at or below the Federal poverty level, is not necessarily the same as the level established for newly eligible aged and disabled individuals.

Authorizes the States to provide Medicaid coverage for Medicare premiums, deductibles, and coinsurance payments for which Medicare eligible individuals whose income does not exceed the State maximum income level would otherwise be accountable.

Requires States to cover home respiratory services for individuals who: (1) are medically dependent on a ventilator for life support for at least six hours a day; (2) have been so dependent for at least 30 consecutive days as inpatients; and (3) wish, and have adequate social support services, to be cared for at home.

Amends the Consolidated Budget Reconciliation Act of 1985 to hold a State harmless in FY 1987 against changes that Act effected in the annual calculation of the Federal medical assistance percentage under the Medicaid program if such changes would cause a reduction of Medicaid payments to the State in FY 1987.

Directs the Secretary to enter into an agreement with New Jersey to conduct a demonstration project which shall be administered by a State health agency and which provides respite care services, including: (1) short-term sitter, homemaker, and personal-care services, adult day care, inpatient care, and emergency respite care; and (2) peer support and training for family caregivers. Provides such services to elderly and disabled Medicaid-eligible individuals and to other elderly and disabled individuals, for a reasonable fee, who would otherwise require institutional care. Provides that priority, among the latter group, shall be given to those who would be eligible for Medicaid benefits upon institutionalization.

Provides that the State and Federal government shall each cover one-half of project costs, but sets a fiscal year limit on Federal outlays.

Limits the duration of the project to four years, plus an additional period of up to six months for final evaluation and reporting. Sets forth reporting requirements.

Permits States to provide ambulatory prenatal care to women during a presumptive eligibility period not to exceed 45 days if: (1) the woman has begun maternity care with a qualified provider; (2) the provider determines that the woman's family income falls below the applicable Medicaid standard and notifies the State of the woman's eligibility within five working days; and (3) the woman applies for such benefits within 14 days of being presumed eligible.

Subtitle C: Miscellaneous Provisions - Amends part D (Child Support) of title IV of the Act to prohibit the retroactive modification of child support arrearages except with respect to such arrearages which accumulate after the obligee and entity which is issued the child support order receive notice that the obligor has pending an active application for modification of such order.

Amends the Consolidated Budget Reconciliation Act of 1985 to hold a State harmless in FY 1987 against changes that Act effected in the annual calculation of the Federal medical assistance percentage under part A (Aid to Families with Dependent Children) (AFDC) of title IV of the Act if such changes would cause a reduction of AFDC payments to the State in FY 1987.

Reduces from $500,000,000 to $250,000,000 the minimum total asset requirement of a closed bank or a bank in danger of closing (as certified by the appropriate Federal or State chartering authority) which may be acquired by an out-of-State bank or holding company. Authorizes an out-of-State bank or holding company to: (1) acquire a holding company that controls insured bank subsidiaries which hold assets equal to at least $250,000,000, represent a third or more of the total assets of all bank subsidaries of such holding company, and are in danger of closing; (2) acquire such subsidiaries and affiliated banks; or (3) establish newly chartered banks in the State where such subsidiaries are chartered to merge with or purchase the assets and assume the liabilities of such subsidiaries and affiliated banks. Permits the FDIC to assist a merger or acquisition of an insured bank only at the request of the bank's directors or trustees. Provides that a bank which receives FDIC troubled bank assistance when it is eligible to be acquired by an out-of-State bank or holding company shall remain eligible for such acquisition so long as such assistance remains outstanding.

Permits an out-of-State bank to make such an extraordinary acquisition under the Federal Deposit Insurance Act only if such ownership is otherwise specifically authorized. Provides that an out-of-State bank holding company which makes such an acquisition shall, two years after such acquisition, have the same rights to make additional acquisitions and to establish branches as an in-State bank holding company. Prohibits any holding company which makes such an acquisition from being required under State law to divest any other bank or from being prevented from acquiring any other bank or holding company by reason of such acquisition.

Restructures priorities for FDIC authorization of such extraordinary acquisitions to be, in descending order, transactions between: (1) minority-controlled banks; (2) depository institutions of the same type within the same State; (3) institutions of the same type in different States which have reciprocal arrangements authorizing such acquisitions or, if no such arrangements exist, which are contiguous; (4) institutions of the same type in other different States; (5) different types of institutions in the same State; (6) different types of institutions in different States which have reciprocal arrangements authorizing such acquisitions or, if no such arrangements exist, which are contiguous; and (7) different types of institutions in other different States.

Permits the FDIC to assist in the interstate acquisition of an open or closed bank where such acquisition is authorized under applicable State law. Prohibits the FDIC from providing acquisition assistance to a holding company subsidiary that is not an insured bank.

Requires the FDIC to transmit to specified congressional committees an annual report describing extraordinary acquisitions during the preceding year and identifying the number of FDIC-assisted acquisitions.

Amends the Bank Holding Company Act of 1956 to: (1) authorize the Federal Reserve Board to dispense with notice and hearing requirements for the acquisition by a bank holding company of a bank in danger of closing; (2) require the Board to publish in the Federal Register the order approving the acquisition and identifying any nonbanking activities involved in the acquisition; and (3) authorize the Board to reduce the post-approval waiting period to five days or eliminate such period with the concurrence of the Attorney General if the Board finds that immediate action is necessary to prevent the probable failure of a bank in danger of closing as certified by the appropriate Federal or State chartering authority.

Authorizes the FDIC to organize a bridge bank to assume the deposits of, assume the liabilities of, purchase the assets of, and temporarily perform the functions of one or more closed insured banks if the FDIC Board of Directors determines that: (1) the amount necessary to operate the bridge bank will not exceed the cost of liquidating the closed banks; (2) continued operation of the insured banks is essential to the community; or (3) continued operation of the insured banks is in the interest of the depositors of the closed banks and the public. Provides that the bridge bank shall be a national bank, shall have all corporate powers of a national bank, with specified conditions, and shall be insured from the time of its organization. Requires the FDIC, at the direction of its Board of Directors, to: (1) make available sufficient funds for the bridge bank to operate; and (2) cause capital stock to be offered for sale in an amount sufficient to make possible the conduct of business of the bridge bank on a sound basis. Provides for the acquisition of the bridge bank by an out-of-State bank or holding company or by an insured depository institution located in the State where the closed bank was chartered but established by an out-of-State bank or holding company. Directs the FDIC to wind up the affairs of the bridge bank by voluntary dissolution or by the appointment of a receiver, unless the capital stock of the bridge bank is sold or its assets are taken over and its deposits assumed by another insured bank within two years from the date of its organization. Sets forth a formula for determining the prorated portion of funds to be invested by each Bank. Restricts dividend payments by a Bank until it invests its required amount.

Empowers the Corporation to borrow, to issue stock to banks, to invest in Federal Savings and Loan Insurance Corporation (FSLIC) securities, to issue debt the proceeds of which shall be invested in the FSLIC, and to make semiannual assessments to insured institutions to make interest payments on its obligations. Provides that Corporation assets not invested in the FSLIC may be used for interest payments on, or issuance costs of, Corporation obligations or shall be invested in the obligations in which Banks are permitted to invest reserves. Limits Corporation investments in non-interest bearing securities purchased at a discount whose face would equal the Corporation's obligations.

Directs the Committee to: (1) review, and confer with the FHLBB regarding, quarterly reports and budgets on the activities, receipts, and expenditures of the FSLIC; and (2) submit an annual report to specified congressional committee chairmen on its reports and recommendations to the FHLBB and the FSLIC.

Amends the National Housing Act to authorize the FSLIC to use accumulated contributions to its equity return account to pay off and retire its capital stock upon the maturity of all Corporation obligations. Sets forth formulae for calculating the FSLIC's annual contributions to such account beginning in 1997 based on the fraction of the aggregate amount of all accounts of all insured members equal to FSLIC reserves. Provides that certain prescribed actions regarding the FSLIC's primary and secondary reserves shall not apply as long as shares of its capital stock are outstanding.

Allows the FHLBB to authorize a Bank to declare and pay dividends out of its undivided profits or legal reserves, only after such Bank has reduced all other reserves to zero, if: (1) the Bank incurs a charge-off or expense related to its investment in the Corporation; and (2) the FHLBB determines that there is an extraordinary need for such Bank's member institutions to receive dividends.

States that provisions concerning retirement of the FSLIC's capital stock shall not apply to FSLIC stock issued to the Corporation under this Act.

Repeals provisions which authorize the FSLIC, under extraordinary financial conditions, to terminate distribution of shares of its secondary reserve and use such reserve on the same basis as its primary reserve.

Reduces the total premiums paid by an insured institution to the FSLIC by the amount of any assessments paid to the Financing Corporation during the same period. Limits the total annual assessment that may be imposed on an insured institution by the FSLIC and the Financing Corporation.

Directs the FSLIC to: (1) complete quarterly reports and budgets explaining its activities, receipts, and expenditures for the current and preceding quarters; and (2) submit to specified congressional committee chairmen semiannual reports and budgets on its activities, receipts, and expenditures for the preceding two quarters.

Amends the National Housing Act to limit the amounts of additional premiums which may be assessed by the FSLIC during 1987 through 1991, unless the FHLBB determines that severe pressures necessitate additional funds.

Title II: Establishes procedures by which any party may serve upon any other party offers to settle claims. Precludes a claimant or defendant from bringing or maintaining a civil action once an offer of settlement has been accepted.

Holds a defendant who rejects a settlement offer and fails to substantially prevail in the action liable for the claimant's attorney's fees and costs.

Limits the recovery of a claimant who has rejected a defendant's settlement offer: (1) for economic loss, to the claimant's net economic loss; and (2) for noneconomic loss, other than punitive damages, to $250,000 (if the court finds that recovery for dignitary loss is appropriate; otherwise two times the economic loss or $50,000, whichever is less).

Subjects a product seller to liability if the claimant establishes by a preponderance of the evidence that: (1) the product seller did not exercise reasonable care with respect to the product; or (2) the product failed to conform to an express warranty made by the product seller. Treats a product seller as a manufacturer where: (1) the manufacturer is not subject to service of process under the laws of any State in which the action might be brought; or (2) the court determines that the claimant would be unable to enforce a judgment against the manufacturer.

Allows punitive damages to be awarded, if permitted by applicable law, where the claimant establishes by clear and convincing evidence that the harm suffered was the result of conduct manifesting the manufacturer's or seller's conscious, flagrant indifference to the safety of those who might be harmed by the product. Provides that punitive damages may not be awarded where: (1) a drug or medical device was approved or is generally recognized as safe by the Food and Drug Administration; or (2) an aircraft was certified by the Federal Aviation Administration under the Federal Aviation Act of 1958.

Sets forth certain rules regarding the admissibility of evidence. Limits the use of evidence regarding subsequent remedial measures taken by product manufacturers.

Bars recovery where the claimant in a product liability action is under the influence of alcohol or any drug and more than 50 percent responsible for the harm.

Declares it to be U.S. policy that: (1) the building of democracy and the restoration of peace in Central America are important to U.S. interests; and (2) the Contadora Document of Objectives which provides for a framework of peace in the region is to be encouraged and supported. Declares that the United States supports, as essential to such objectives, a national reconciliation in Nicaragua and a verifiable agreement based on the Document of Objectives, including free and fair elections.

States that U.S. policy toward Nicaragua shall be based upon Nicaragua's responsiveness to the concerns affecting U.S. national security and Nicaragua's neighbors. Declares that the United States will address such concerns through economic, political and diplomatic measures, including support for the Nicaraguan democratic resistance and bilateral negotiations with Nicaragua aimed at peacefully resolving the conflict. States that the duration of such negotiations shall depend on whether Nicaragua respects certain human freedoms and there has been a halt to the introduction of foreign military personnel and Nicaraguan aggression (including support for international terrorism). Provides that U.S. actions are consistent with its right to defend itself and assist its allies in accordance with international law.

Declares it to be U.S. policy to assist all groups within the Nicaraguan democratic resistance which are committed to national reconciliation in Nicaragua. Prohibits assistance to groups which violate internationally recognized human rights or engage in drug smuggling.

Authorizes the transfer of $100,000,000 to the President for the Nicaraguan resistance. Limits such aid to the Nicaraguan resistance to specified forms of assistance. Terminates such restrictions on and after July 1, 1986, if the President determines and reports to the Congress (and the Congress does not disapprove additional assistance) that: (1) the Central American countries have not concluded an agreement; (2) Nicaragua is not engaged in serious dialogue with the democratic opposition; and (3) there is no reasonable prospect for such agreement or dialogue. S. Con. Res. 15 Sen. Danforth, et al.; 2/20/85

Expresses the sense of the Congress that the President should take all appropriate action to: (1) enforce U.S. rights under trade agreements to which Japan is a party; and (2) obtain the elimination of Japanese acts and policies which are inconsistent under such trade agreements and which burden or restrict U.S. commerce. Provides that the President, within a specified time, should: (1) report to the Congress and give notice of the actions the President has decided to take to accomplish such objectives; and (2) implement all such actions.

Declares that such actions by the President should at least negate the cumulative impact that the elimination or relaxation of the voluntary restraints on Japanese automobile exports to the United States will have on the merchandise balance of trade between Japan and the United States. Declares that action taken to accomplish this objective should be directed against competitive Japanese exports, including automobiles, telecommunication products, and electronic products. Declares that any action to accomplish the major objectives of this resolution should be modified or revoked only if the President determines that such minimum objective has been achieved.

S. Con. Res. 120 Sen. Domenici; 3/24/86

Sets forth the concurrent resolution on the budget for FY 1987 and the appropriate budgetary levels for FY 1988 and 1989.

Specifies levels and amounts of Federal revenues, new budget authority, budget outlays, and deficits for FY 1987 through 1989 for purposes of determining whether the maximum deficit amounts set forth in the Balanced Budget and Emergency Deficit Control Act of 1985 (Gramm-Rudman-Hollings Act) have been exceeded.

Recommends levels of Federal revenues of $638,850,000,000 for FY 1987, $627,750,000,000 for FY 1988, and $732,250,000,000 for FY 1989. Sets the amounts by which the aggregate levels of Federal revenues should be increased at $5,950,000,000 for FY 1987, $6,300,000,000 for FY 1988, and $7,350,000,000 for FY 1989. Designates the following amounts of Federal revenues for Federal Insurance Contributions Act revenues: (1) $55,700,000,000 for FY 1987; (2) $60,150,000,000 for FY 1988; and (3) $64,250,000,000 for FY 1989.

Sets the appropriate levels of total new budget authority at $879,800,000,000 for FY 1987, $924,350,000,000 for FY 1988, and $952,800,000,000 for FY 1989.

States that the appropriate levels of total budget outlays are $799,150,000,000 for FY 1987, $839,850,000,000 for FY 1988, and $862,500,000,000 for FY 1989.

Sets the amounts of the deficits in the budget which are appropriate in light of economic conditions and all other relevant factors at $160,300,000,000 for FY 1987, $152,100,000,000 for FY 1988, and $124,250,000,000 for FY 1989.

States that appropriate levels of the public debt are $2,322,800,000,000 for FY 1987, $2,530,650,000,000 for FY 1988, and $2,713,300,000,000 for FY 1989.

Sets forth the appropriate levels of total Federal credit activity as follows: (1) $34,550,000,000 for new direct loan obligations and $100,750,000,000 for new primary loan guarantee commitments for FY 1987; (2) $30,300,000,000 for new direct loan obligations and $91,750,000,000 for new primary loan guarantee commitments for FY 1988; and (3) $32,050,000,000 for new direct loan obligations and $93,500,000,000 for new primary loan guarantee commitments for FY 1989.

Sets forth the levels of budget authority, budget outlays, new direct loan obligations, and new primary loan guarantee commitments for each major functional category for FY 1987 through 1989.

Requires certain congressional committees to report changes in laws within their jurisdictions sufficient to reduce or achieve savings in budget authority and outlays, decrease outlays, or increase budget authority by certain amounts, as specified, in FY 1987 through 1989. Requires the House Committee on Ways and Means and the Senate Committee on Finance to report changes sufficient to reduce the budget deficit by $4,350,000,000 in FY 1987, $4,095,000,000 in FY 1988, and $4,190,000,000 in FY 1989. Directs all such committees, by July 25, 1986, to submit their recommendations to the Committees on the Budget of their respective Houses. Directs the Budget Committees to report a reconciliation bill or resolution carrying out all such recommendations without any substantive revision.

Reserves specified amounts of budget authority and outlays for funding unmet critical needs in defense and nondefense areas for FY 1987 through 1989. Requires allocations not exceeding such amounts to congressional committees when: (1) legislation has been enacted ensuring that providing for such additional funding will not increase the deficits for FY 1987 through 1989; (2) the President requests such funding; and (3) the appropriate committees have reported legislation which will provide such funding. Requires aggregates for FY 1987 through 1989 to be adjusted if such allocations are made. Allows the President to request and the Congress to initiate legislation to reduce deficits below the levels set forth in this budget resolution.

Provides for additional allocations of budget authority and outlays to appropriate congressional committees for funding an extension of general revenue sharing through FY 1989 if: (1) legislation has been enacted ensuring that such funding would not increase the deficits for FY 1987 through 1989; (2) such funding has been authorized; and (3) such committee has reported legislation to provide such funding.

Expresses the sense of the Congress that the Secretary of Defense and the General Accounting Office should transmit to the Congress: (1) a report accounting for monies appropriated to the Department of Defense for FY 1986 in excess of sums needed to cover inflation; and (2) a report for FY 1988 and 1989 accounting for moneys which were appropriated to the Department, but not obligated to cover inflation for each respective prior fiscal year. Directs the Committees on Armed Services of the House and the Senate to take appropriate action to ensure that only the appropriate levels of funding for inflation are provided. Expresses the sense of the Congress that such committees should report legislation prohibiting the Department from using an arbitrary deflator (one not based on historical or factual data) which would provide funding for major weapons systems inflation in excess of the GNP deflator.

Expresses the sense of the Congress that the appropriate congressional committees should review proposals to change the Federal credit budget in order to: (1) provide uniform budget treatment of Federal credit programs based on their subsidy cost; (2) permit accurate comparison of credit and spending programs based on their true economic cost; (3) promote effective management of credit programs; and (4) undertake accounting and management reforms.

Expresses the sense of the Congress that: (1) employees of the U.S. oil and gas industry and service industry have been directly injured by an increase in petroleum imports; (2) the Administration should broaden its interpretation of the Trade Adjustment Assistance Act so as to allow such employees to qualify for certification under the Act; and (3) if the administration does not take such action immediately, the Congress will address the matter on the first appropriate vehicle it considers.

Reaffirms congressional policy to fill the Strategic Petroleum Reserve to 750,000,000 barrels. Recommends that the Government purchase oil for the Reserve in a way designed to help domestic stripper oil well producers so as to minimize the shutting-in of stripper production.

Expresses the sense of the Congress that Federal funds for the Cooperative Extension Service should be maintained at a level sufficient to carry out fully the vital services, including specified programs, it is providing to rural America.

Expresses the sense of the Congress that the use of foreign aid funds to finance the foreign production for export of agricultural commodities already in surplus on world markets is a counterproductive use of American tax dollars as well as devastating to the American farmer.

Expresses the sense of the Congress that legislation should be enacted to provide that cost-of-living adjustments for social security and other linked programs will be paid at the actual rate of inflation, whether it is above or below three percent.

Allows the Chairman of the Committee on the Budget of the House to file with the House, not later than July 9, 1986, allocations required to be made pursuant to the Congressional Budget Act of 1974 which shall be considered to be the allocations required to be in the joint explanatory statement accompanying this resolution.
